

Sub : HUMBLE REQUEST FOR SYMPATHETIC DONATION OF AMBULANCES AND FUNDS TOWARDS NOBLE CAUSES.

Dear Respected Donors,

Being fully devoted to our NOBLE MISSION, we are running a Non-Governmental large welfare organization in this vast populated mega city Karachi, Pakistan for the services to common people having set up our wide-spread Chhipa Emergency Ambulance Centers in different places and near Govt. Hospitals for providing urgent help to the needy, sick and suffering public in times of their immediate needs. We have no affiliation with any political/religious party or any group.

Our dedicated volunteers in **CHHIPA AMBULANCES** equipped with First Aid Box, Oxygen and Paramedics remain day & night busy on roads with lifting and shifting the road-lying accidentally wounded helpless persons, emergency patients, partially decomposed bodies and dead bodies to hospitals and nearby medical aid centers. Our Rescue Team daily saves a dozen of Valuable Human Lives. Kindly visit our website: www.chhipa.org

We 24 hours provide EMERGENCY MEDICAL AIDS & SERVICES through our CHHIPA AMBULANCES to the victims of all incidents, bomb blasts and sudden disasters on spot of occurrence by our paramedics and then shift them to hospitals to save the costly lives. **This measure has decreased the number of death toll.**

In all the past tragic events of Road Accidents, Bomb Blasts, Stampedes, Big Fires, Train Collisions and Building & Bridge Collapses, our CHHIPA AMBULANCES had immediately rushed the spots to the rescue of suffering people, helped the distressed public and played important roles in saving the valuable lives.

We have presently insufficient ambulance centers and inadequate ambulances while our response time is 10 minutes on high side. Keeping in view the heavy growth of population spread up to far-flung areas & increase in vehicles on roads which are speedily enhancing with each passing day while the **crying people daily die for lack of ambulance**, we have made feasibility to set up further Chhipa Emergency Ambulance Centers across Karachi city at a distance of every 10 KM with more ambulances so as to keep at least 05 ambulances in each center to bring the response time to 05 minutes.

As such, we most immediately require **MORE AMBULANCES** and want to set up further AMBULANCE CENTERS for extending our ambulance services to the remotest areas within minimum responding time.

In the name of humanity, we would most humbly request your goodself to please generously donate us more ambulances or equal amounts to purchase ambulances or share to purchase ambulances for noble causes. The control price of a **SUZUKI BOLAN VAN is US\$ 7369/- Pak Rs. 619,000/-** & converting cost of van into ambulance is **US\$ 1785/- Pak Rs. 150,000/-**.

The price of TOYOTA HIACE VAN is US\$ 35,476/- Pak Rs. 29,80,000/- & converting cost of van into ambulance **US\$ 3571/- Pak Rs. 300,000/-**. We have not a single Toyota Hiace in the fleet of our Chhipa Ambulance and so Toyota Hiace Vans are urgently required to cope with present growing needs.

As we do not have resources or any fund, we extremely require **BIG FUNDS** to meet the huge monthly expenses of our welfare work. You may kindly click <http://www.chhipa.org/services.php> to see the expenses we are incurring on other heads. Please send us **LARGE AFFORDABLE AMOUNTS** of Charities, Grants, Gifts, Zakat, Sadqaat and Donations in any foreign currency.

For account to account transfer, Citibank account holders only can log on their account & select CHHIPA to easily & directly donate to Chhipa Welfare through Citibank website.

We would also earnestly request your honour to kindly enlist our name in your esteemed organization for monthly donations, enabling us to daily continue our vital ambulance services for the causes of humanity in public interest. Please respond to this E-mail at your earliest convenience.

Thank you and anxiously await your **FINANCIAL HELP** and **DONATION of AMBULANCES**.

Best regards,

RAMZAN CHHIPA
